Purpose: The Recreation Department and Committee has identified a shortfall in program opportunities for community members with developmental and physical disabilities. The Recreation Department is committed to increasing programs for this targeted population. Programs would be offered at a substantial discount to ensure families can afford.

Goals:

To increase program opportunities for participants with developmental and physical disabilities.

To increase the inclusive aspect of our programs to foster a better sense of belonging within a peer group and the community at large.

Plan.

In order to achieve the goals of increased inclusive program opportunity, the department will invest in program materials that are ability-appropriate for our patrons.

A key focus is ensuring that new programs have a strong inclusive effect. To accomplish this, we are looking to run programs that participants with disabilities can enjoy alongside their peers, both with or without a disability. The 4 week program that was offered last summer was very successful and received positive feedback. Each day our participants will create a project during camp to bring home revolving around the theme of the week.

Summer of 2021 was full each with having approximately 180 participants. We anticipate the guidelines this summer will allow for more participants and therefore provide more services to

the Millis community. It is necessary to adjust the request for more staffing due to high demand. I am confident that we will have returning campers.

"GET OUT AND PLAY" - Millis Recreation

Millis Recreation is excited to announce the start of our new inclusive summer play group for all children with diverse abilities. We are looking forward to serving the community in a broader way and allowing all children to have an opportunity to experience some fun in the sun this summer. We have trained staff ready to make this the best summer yet with your support and input. Participants will be prompted to fill out a questionnaire on how we can best support your child/ren during the registration process, as applicable. Thank you, we look forward to seeing you soon!!

Summary

The Teen Program Coordinator plans, organizes and conducts a variety of recreational, social, cultural and educational programs, projects and/or special events for the Millis Youth community.

Oversees special programs and events. Communicate directly with DARE Officer to implement specific needs for teen population. May be assigned special projects to manage or activities to facilitate.

Plans room set-up and directs staff in accordance to set-up needs.

By having an on-staff employee, the program fees will go directly into the Revolving Fund instead of outsourcing to private companies. It will also allow for more activities to engage our Teen population.
